13 January 2014

The Harney County Building Department is happy to announce that we are going to be offering an online permit purchasing and tracking system called ePermitting. As of the end of January contractors will be able to apply for and purchase all building permits online, submit plans electronically and schedule inspections 24/7 by phone or online.

We would like to extend an invitation to anyone to attend an ePermitting training that has been scheduled to provide information and training for contractors about the epermitting process. Jerod Broadfoot from the Oregon Building Codes Division will be training on how to use the system. Mr. Broadfoot is the Divisions Training and Outreach Coordinator for ePermitting and will be available to contractors for assistance using the system.

The meeting will be held on Wednesday, January 29nd at 2 p.m. in the basement meeting room at the Courthouse. If you have any questions please feel free to contact me.

I hope to see you all there!

Sincerely,

Howard Palmer,
Building Technician
